

# ORCHIDOPHILIA OTTAWA

**OTTAWA ORCHID SOCIETY  
30th ANNUAL SHOW, APRIL 2011**

---

## ENTRY CLASSES

---

Please check carefully to ensure your plants are entered in the correct class(es). A class list of natural and hybrid genera will be available at the registration desk to assist those making entries, and the Committee will be available for advice.

### Section A – Exhibits

**Class**

- 1** 1 - 5 flowering orchid plants arranged for effect
- 2** 6 - 15 flowering orchid plants arranged for effect
- 3** 16 - 25 flowering orchid plants arranged for effect
- 4** 26 or more flowering orchid plants arranged for effect
- 6** Educational Exhibit (\* Note 1)
- 7** Visiting Orchid Society Exhibit (additional for entries in Classes 1-6)
- 8** COC Trophy Class: non commercial display done by members of the Ottawa Orchid Society other than the OOS display. These entries may also be entered in Classes 1-4

**Note 1:** *Educational Exhibits which have been entered at previous shows may be re-entered, but will not be judged (see Show Entry Rules and Regulations, Item 14).*

## Section B – Cattleya Alliance

- 10 Epidendrum and Encyclia species (\* Note 1)
- 11 Epidendrum and Encyclia hybrids and intergenerics
- 12 Brassavola (including Rhyncholaelia) species, hybrids and intergenerics other than the above
- 13 Broughtonia species, hybrids and intergenerics other than the above
- 14 Laelia species, hybrids and intergenerics other than above but excluding cattleya
- 15 Cattleya species
- 16 Cattleya hybrids and intergenerics other than the above - lavender/mauve/purple
- 17 Cattleya hybrids and intergenerics other than the above - white
- 18 Cattleya hybrids and intergenerics other than the above - semi-alba (white with lip coloured)
- 19 Cattleya hybrids and intergenerics other than the above - yellow/orange
- 20 Cattleya hybrids and intergenerics other than the above - green
- 21 Cattleya hybrids and intergenerics other than the above – pink/red/red shades
- 22 Cattleya hybrids and intergenerics other than the above – other colors including splash petals
- 23 Sophronitis species, hybrids and intergenerics other than the above
- 24 Cattleya allied genera: species, other than above (\* Note 2)
- 25 Cattleya allied genera: hybrids and intergenerics other than the above (see Note 2)
- 26 Miniature Cattleya and allied genera species, hybrids and intergenerics not entered above (less than 15 cm high without the inflorescence)

**Note 1:** *Encyclia citrina* is now *Prosthechea citrina*. *Encyclia cochleata*/*Epidendrum cochleatum* is now *Prosthechea cochleatum*. These two species and other *Prosthechea* species should be entered in Class 24.

**Note 2:** Both *Prosthechea* and *Oerstedella* belong in this class (Class 24)

## Section C – Cypripedium Alliance

**NOTE:** Colour in Paphiopedilum hybrids is based on the dominant colour of the petals and lip, not the dorsal sepal.

- 29 Paphiopedilum species – Brachypetalum and Parvisepetalum subgenus (\* Note 1)
- 30 Paphiopedilum species – Paphiopedilum and Barbata subgenus (\* Note 2)
- 31 Paphiopedilum species – Coryopedilum and Parpadlopedalum subgenus (\* Note 3)
- 32 Paphiopedilum species – Cochlopetalum subgenus (\* Note 4)
- 33 Paphiopedilum Maudiae or cruciform type – any colour
- 34 Paphiopedilum hybrids - white, green, yellow
- 35 Paphiopedilum hybrids – red, pink, bronze, mahogany
- 36 Paphiopedilum hybrids – Multifloral
- 37 Phragmipedium species – long petals (\* Note 5)
- 38 Phragmepedium species – other than above
- 39 Phragmipedium besseae hybrids
- 40 Phragmipedium hybrids – long petals excluding besseae hybrids (\* Note 6)
- 41 Phragmipedium hybrids – other than above

42 Cypripedium and allied genera species, hybrids and intergenerics other than above

**Note 1: Brachypetalum:** *P. bellatulum, P. concolor, P. godfroyae, P. niveum*;

**Parvisepalum:** *P. armeniacum, P. delanatii, P. emersonii, P. malipoense, P. micranthum, P. hangianum*

**Note 2: Paphiopedilum:** *P. barberigerum, P. charlesworthii, P. druryi, P. exul, P. fairreanum, P. hirsutissimum, P. gratrixianum, P. insigne, P. spicerianum, P. villosum,*

**Barbata:** *P. acmodontum, P. appletonianum, P. argus, P. barbatum, P. bougainvilleanum, P. bullenianum, P. callosum, P. ciliolare, P. dayanum, P. helenae, P. hennisianum, P. hookerae, P. javanicum, P. lawrencianum, P. mastersianum, P. papuanum, P. purpuratum, P. sukhakuli, P. superbiens, P. tonsum, P. urbanianum, P. venustum, P. violascens, P. wardii, P. wentworthianum*

**Note 3: Pardalopetalum:** *P. dianthum, P. haynaldianum, P. lowii, P. parishii*

**Coryopedilum:** *P. adductum, P. gladuliformum, P. kalopakingii, P. philippinense, P. randsii, P. rothschildianum, P. sanderianum, P. stonei; P. supardii,*

**Note 4: Cochlopetalum:** *P. glaucophyllum, P. liemianum, P. primulinum, P. victoria-mariae and P. victoria-reginae*

**Note 5:** Includes: *Petals must be a minimum of 15 centimeters*

**Note 6:** Includes: *Cypripedium, Mexipedium, Selenipedium*

## Section D - Vanda and Phalaenopsis Alliance

### D1: Doritis and Phalaenopsis

- 43 Phalaenopsis and Doritis species
- 44 Phalaenopsis hybrids and Doritaenopsis – white - no markings
- 45 Phalaenopsis hybrids and Doritaenopsis – white with coloured lip, no markings
- 46. Phalaenopsis hybrids and Doritaenopsis – white with markings (spots, bars, stripes)
- 47 Phalaenopsis hybrids and Doritaenopsis – red/pink/magenta - no markings
- 48 Phalaenopsis hybrids and Doritaenopsis – **red**/pink/magenta - with markings
- 49 Phalaenopsis hybrids and Doritaenopsis – yellow no markings
- 50 Phalaenopsis hybrids and Doritaenopsis – yellow with markings
- 51 Phalaenopsis hybrids and Doritaenopsis – multifloral, yellow with or without markings (\* Note 1)
- 52 Phalaenopsis hybrids and Doritaenopsis – other colours than above (harlequin, sunset, etc) no marking
- 53 Phalaenopsis hybrids and Doritaenopsis – other colours than above (harlequin, sunset, etc) with markings
- 54 Phalaenopsis hybrids and Doritaenopsis – multifloral, white or white with coloured lip, with or without markings (\* Note 1)
- 55 Phalaenopsis hybrids and Doritaenopsis – multifloral, red, pink/magenta with or without markings (\* Note 1)
- 56 Phalaenopsis hybrids and Doritaenopsis – multifloral, other colours than above (harlequin, sunset, etc) with or without marking (\* Note 1)
- 57 Phalaenopsis and Doritis intergenerics other than above

**Note 1:** *Multifloral hybrids have numerous flowers on branched inflorescences. Flowers measure 6 cm (2.5 in) or less in diameter.*

## Section D - Vanda and Phalaenopsis Alliance

## D2 - Vanda Alliance

- 58 Aerangis species, hybrids and intergenerics
- 59 Angraecum species, hybrids and intergenerics other than the above
- 60 Ascocentrum species and hybrids
- 61 Ascocenda - orange/yellow
- 62 Ascocenda - red/red purple
- 63 Ascocenda - other colours than above
- 64 Ascocentrum intergenerics other than above
- 65 Rhynchostylis species, hybrids and intergenerics other than the above
- 66 Renanthera and Aerides species, hybrids and intergenerics other than above
- 67 Vanda species
- 68 Vanda hybrids and intergenerics other than the above
- 69a Vanda allied genera species other than the above
- 69b Vanda allied hybrids and intergenerics, other than above

## Section E – Oncidium Alliance

- 70a Brassia species
- 70b Brassia hybrids and intergenerics
- 71 Miltonia/Miltoniopsis species (\* Note 1)
- 72 Miltonia/Miltoniopsis hybrids and intergenerics other than above
- 73 Oncidium species excluding Tolumnia (\* Note 1)
- 74 Oncidium hybrids excluding Tolumnia (\* Note 2)
- 75 Tolumnia (equitant Oncidium) species and hybrids
- 76 Oncidium intergenerics other than above
- 77a Ondontoglossum species
- 77b Ondontoglossum hybrids and intergenerics other than above
- 78 Oncidium allied genera species, hybrids and intergenerics other than above

**Note 1:** *Miltonia warszewiczii* is now *Onc fuscatum* and is in Class 73.

**Note 2:** *Colmanara* Wildcat, now *Odontocidium* Wildcat or *Odcdm.* Wildcat, is in Class 76.

**Note 3:** All *Tolumnia* except intergeneric hybrids belong in Classes 75.

*Zelemma* (*Zelenkoa x Tolumnia*) belongs in Class 78.

## Section F - Cymbidium Alliance

- 79 Cymbidium species
- 80a Cymbidium hybrids
- 80b Vegetative cymbidium species and hybrids (without flowers)
- 81 Cymbidium allied genera species, hybrids and intergenerics

## Section G - Dendrobium Alliance

- 82 Dendrobium species - nobile type
- 83 Dendrobium species - phalaenopsis and antelope types
- 84 Dendrobium species – nigro-hirsute (black-haired) and other types (\* Note 1)
- 85 Dendrobium hybrids - nobile type
- 86 Dendrobium hybrids - phalaenopsis and antelope types
- 87 Dendrobium hybrids – nigro-hirsute and other types
- 88 Dendrobium allied genera species, hybrids and intergenerics other than the above

**Note 1:** *Den gonzalesii* is now *Den. ceraula* and *Den. glomeratum* is now *Den. sulawesiense*. Both are in Class 85.

## Section H - Pleurithallid Alliance

- 89 Masdevallia species
- 90 Masdevallia hybrids and intergenerics
- 91a Dracula species
- 91b Dracula hybrids and intergenerics other than above
- 92a Pleurothallis species, hybrids, intergenerics other than the above including *Acianthera*, *Specklinia*, *Anthallis*, etc. (\* Note 1)
- 92b Pleurothallis allied genera species, hybrids and intergenerics other than above (\* Note 2)

**Note 1:** *Pleurothallis sonderiana* is now *Acianthera sonderiana*. *Pleur. luteola* is now *Acianthera luteola*, *Pleur. tribuloides* is now *Specklinia tribuloides* and all are in Class 92a.

**Note 2:** Includes *Acostaea*, *Lepanthes*, *Octomeria*, *Platystele*, *Poroglossum*, *Restrepia*, *Stelis*, *Trichosalpinx*,

## Section I - Maxillaria Alliance

- 93a Lycaste and Anguloa species
- 93b Lycaste and Anguloa hybrids and intergenerics
- 94a Maxillaria species
- 94b Maxillaria hybrids and intergenerics other than the above
- 95 Zygopetalum and allied genera: species, hybrids, intergenerics other than above

## **Section J – Miscellaneous Genera**

- 96      Catasetum, Cycnoches, Mormodes and allied genera species, hybrids and intergenerics
- 97      Bulbophyllum and allied genera species, hybrids and intergenerics
- 98      Jewel orchids with or without flowers
- 99      Orchid species, hybrids and intergenerics not covered elsewhere
- 100     Miniature orchids (less than 15 cm high without the inflorescence), excluding orchids registered in class 25 or in Section H

## **Section K - Fragrance**

- 101     Fragrance: Orchids entered in this class can also be entered in their appropriate class

## **Section L – Orchids in Floral Arrangements**

- 102     Floral Design (Amateur)
- 103     Floral Design (Professional)

---

# ART GALLERY

---

Entries in the following classes are registered separately from the other classes, and are displayed in the Art Gallery section of the Show (\* note 1).

## Section M – Photography

- 150 Cultivated orchids (straight photography)
- 151 Orchids in natural habitat (straight photography)
- 152 “Digital painting” featuring orchids (photographic composites/manipulation)
- 153 2011 challenge: “Asian Inspiration” (note 2) (both photo manipulation and straight photography)

## Section N - Fine Art

- 154 Oil and acrylic paintings
- 155 Watercolours
- 156 Drawings and pastels
- 157 Botanical illustration (plant, flower, spike, roots; all media; color or black & white;)
- 158 Mixed media (including hand painting of photographs)
- 159 2011 challenge: “Asian Inspiration” (note 2)

## Section O – Fine Crafts

- 160 Clay
- 161 Fibre
- 162 Glass
- 163 Sculpture
- 164 Other, mixed media and jewellery

**Note 1:** Pre-registration is obligatory for Sections M, N and O, Classes 150 – 164.  
Art Gallery pre-registration forms are available in the society’s website, [www.ottawaorchidsociety.com](http://www.ottawaorchidsociety.com).

**Note 2:** Interpretation of the “Asian Inspiration” challenge is up to each artist or photographer’s creativity.
